RSDC, NSDC, Bridgestone sign upskilling pact

RUBBER SKILL Development Council (RSDC), Bridgestone India and National Skill Development Corporation (NSDC) have signed a tripartite memorandum of understanding to train and reskill country's tyre fitters. This is one of the largest upskilling initiatives in rubber sector, according to RSDC. Under the MoU, Bridgestone India has mandated RSDC to freshly train 1,000 individuals in tyre fitter and repair job role, besides reskilling and certifying over 2,650 tyre fitters already on board with Bridgestone dealers across the country.
